MAUI WILDFIRES
Reactions to tourism reopening are mixed

HONOLA, MAUI On the official route of tourists today in the northeastern section of Maui is to be a mixed reception of open arms and closed arms from the community, two months after a deadly wildfire burned down most of Lahaina.

Visitors are expected to be able and receive accommodations starting from the Hale Koa Hotel in Kapiolani Park. But their expectations may not be met. People who lost their homes and family members in the wildfire may not be able to return to Maui. Call ahead on Maui. Maui County officials said that some visitors to the island may not be able to return to Maui.

2024 Insert and Shipping / Receiving

SPECIFICATIONS AND DEADLINES

1. Insert pallets should be clearly labeled with the product name, total quantity, amount per skid or box, the total amount of skids and the insertion date.
2. If inserts are re-packaged, they should be re-packaged in the original form sent by the printer (same number of pallets, same amount on pallet, same number in a bundle, etc.)
3. Inserts should be packaged by insert date. If a product is running multiple dates, then it should be separated as such.
4. Inserts need to be at least .005" thick. Thinner sheets will often stick together causing "multiples."
5. Different inserts should NEVER be packaged on the same pallet. Verifying the count may be extremely difficult without removing all the bundles or boxes.
6. Insert bundles should not be tied (strapped) if possible. Strapping causes the product to curl and can make it difficult to feed into the insert machine.
7. No more than two turns (compensating stacks) per bundle would be optimum. Additional turns make it more difficult for the inserter to feed the machine.
8. Inserts should be stacked flat and not standing on edge.
9. Deadlines
 - a. Insertion orders due 21 business days prior to publication.
 - b. Inserts due 14 business days prior to publication.
10. Receiving
Hours are Monday-Friday from 8 am to 3 pm. (HST)
Closed Holidays.

FSI Specifications: The Honolulu Star-Advertiser uses a 44" web width for all printed products.

Inserts

Width: Measured along the spine	Minimum	3"
	Maximum	11"
Height: Measured perpendicular to spine	Minimum	4"
	Maximum	10.5"
Pagination: Broadsheet	Minimum	4 pages
	Maximum	96 pages
Pagination: Tabloid	Minimum	4 Pages
	Maximum	120 Pages
Pagination: Single Sheet	Minimum	.005"

*4 page tabs and higher must also be at least .005" thick.

Since MidWeek is a publication delivered by the USPS (Postal Service), all inserts must fit within product. No part of any insert may protrude from the jacket. (The Postal Service uses the term "Host" in reference to the jacket.) Thus, these specifications; 11" along the spine (height for a tab insert) and 10.5" perpendicular to the spine (width for a tab insert), MUST NOT BE EXCEEDED. If any dimension of an insert exceeds this specification, it must be quarterfolded prior to insertion.

Additional Notes:

Offset stock can have a different thickness than glossy stock for the same paper weight. Color Express inserts are usually printed on 60# stock. 60# offset stock measures .45" thick while 60# glossy (or enamel) stock is only .3" of an inch – a huge difference (50%).

LATE FEES

Late delivery of any pre-printed inserts will need prior approval. Contact your sales representative for delivery extension dates. All pre-printed inserts delivered after deadline will be assessed a \$1,500 late fee per publication, if inserts are delivered after the agreed extension date, a \$200 a day surcharge will be imposed per publication. Tax will also be added to the surcharge.
